STATISTICAL ABSTRACT

OF

TENNESSEE HIGHER EDUCATION

1982-1983

INTRODUCTION

This eighth annual Statistical Abstract of Higher Education in Tennessee covers a broad quantitative range of higher education activities in the state from simple counts of student enrollment and degrees conferred to complex analyses of the flow of student transfers among public institutions. This wide range of information should be useful to the decision makers who are involved at all levels of planning for higher education's future and to state agencies and other concerned organizations and individuals.

The data were compiled by THEC from information supplied by institutions, higher education governing boards, the Southern Regional Education Board, the Tennessee Council of Private Colleges, the Tennessee Student Assistance Corporation, and the National Center for Education Statistics.

Special appreciation is extended to officials in the public and private institutions and agencies whose assistance and cooperation have been invaluable in the production of this Abstract.

NOTES

Diversity among institutions and changes that take place within a higher education system such as that in Tennessee create comparability and procedural problems in compiling statistical data. The notes below reflect such problems for certain programs and institutions.

The College of Veterinary Medicine receives a separate appropriation and is not listed with UT, Knoxville, in Table 46 - State Appropriations, Table 47, Unrestricted Expenditures, and Table 51 - Capital Outlay Appropriations. The College is included with UT, Knoxville in all other tables.

The University of Tennessee at Nashville became part of Tennessee State University (TSU downtown) in the State Board of Regents System on July 1, 1979. For ease in reporting, this abstract reports data on the downtown campus prior to Fall 1979 as part of the UT System and as of Fall 1979 as part of the Regents System. This factor should be recognized relative to financial and enrollment changes at both systems.

George Peabody College for Teachers (George Peabody) merged with Vanderbilt University on July 1, 1979. To provide consistent 1978-1979 comparisons, Fall 1978 enrollment for George Peabody was reported with Fall 1978 enrollment for Vanderbilt.

The UT Center for the Health Sciences and ETSU Medical School uses procedures which are different from those used by other institutions in reporting part-time, full-time, FTE, and first-time freshman enrollment. Thus, such data presents incomparability for the center, and are not included herein.

The University of Tennessee Space Institute is a special center of the University of Tennessee, Knoxville, and in 1976, the Institute became a separate line item in the budget. The facility is treated as a separate institution in this publication. Prior to 1976, enrollment at the institute was included with enrollment at UT at Knoxville. This factor should be recognized relative to enrollment changes at UT.

Nashville State Technical Institute, State Technical Institute at Memphis, State Technical Institute at Knoxville began reporting student and institutional data to THEC in Fall 1977. Tri-Cities State Technical Institute began reporting in Fall 1978. Prior to 1978 in some instances technical institutes utilized a different methodology in the collection of student data and this factor should be recognized in making 1977-1978 comparisons.

The Chattanooga Area Vocational Technical School was merged with Chattanooga State Community College on July 1, 1981. The fall 1981 headcount enrollment at CAVTS was 641; however, these students are not reported in this abstract because only degree credit students and graduates are included.

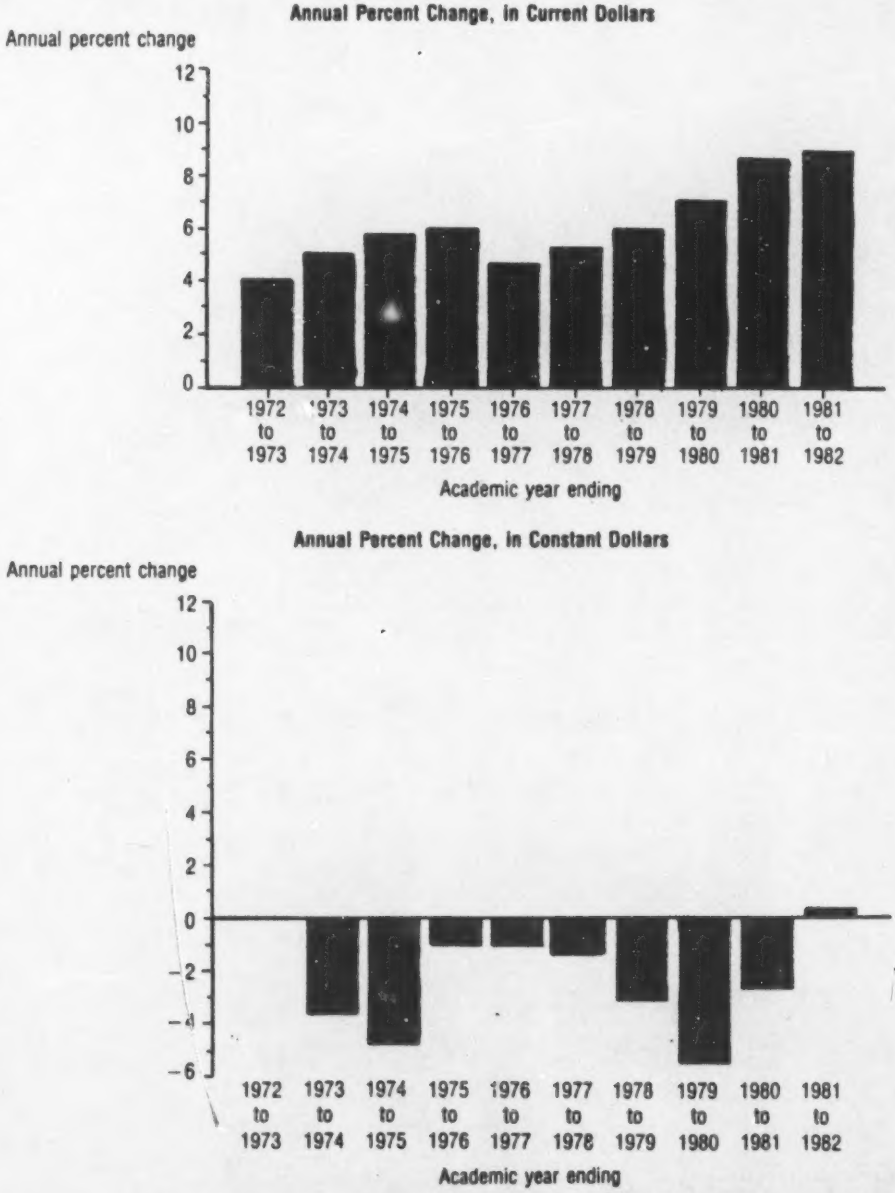
FACULTY SALARIES

FIGURE 11

Annual Percent Change in Average Salaries of Full-Time Instructional Faculty in Higher Education



Full-time instructional faculty lost earnings to inflation each year throughout most of the 1970's. In 1981-82, salaries increased minimally by 0.3 percent, attributable to a sharp decline in the inflation rate.

SREB: The Southern Regional Education Board, operating agency of the nation's first interstate compact for higher education, is a coalition of educators, government officials, and civic leaders interested in advancing knowledge and improving the social and economic life of the South.

DEGREE CREDIT: Is credit which the institution designates as regular, occupational, or certificate, extension or co-op.

FULL-TIME STUDENT: Is a student who is enrolled for 12 or more hours of degree credit.

FULL-TIME STUDENT ENROLLMENT: Is the number of full-time students enrolled.

PART-TIME STUDENT: Is a student who is enrolled for less than 12 hours of degree credit.

PART-TIME STUDENT ENROLLMENT: Is the number of part-time students enrolled.

DEGREE CREDIT HEADCOUNT ENROLLMENT: Is the sum of full-time and part-time student enrollments. All tables in this abstract which refer to fall headcounts show degree credit headcount enrollment.

FULL-TIME EQUATED UNDERGRADUATE ENROLLMENT: Is the total number of degree credits taken by undergraduate students, divided by 15.

FULL-TIME EQUATED GRADUATE/PROFESSIONAL ENROLLMENT: Is the total number of degree credits taken by graduate/professional students, divided by 12.

FULL-TIME EQUATED ENROLLMENT: If the institution is a university, full-time equated enrollment is the sum of the full-time equated undergraduate and full-time equated graduate/professional enrollments. If the institution is a community college or technical institute, the full-time equated enrollment is the total number of degree credits taken by all students, divided by 15.
